LIGHTNING EXPLODES BLASTS IN ROCK QUARRY.

Lightning frecks are many and of various kinds, the fluid, or whatever it may be, performing some miraculous stunts. A few nights ago employees in the city rock quarry prepared three holes for blasting out rock for the crusher. These were filled with the required charges of dynamite, tamped down. As the hour was late, the workmen left the wires disconnected from the battery which explodes the charge, intending to fire them the first thing the next morning. The wires were left lying on the ground, the battery ends lying on a small piece of wood. During the night a thunder storm, which had been brewing, through the afternoon, brought out a vivid display of electricity. A bolt of lightning struck the exposed wires, discharging the blasts and piling the debris in confusion for several yards around. When the men came to work the next morning they found nature's forces had cut out their work for them.

SPECIAL BALLOTS FOR WOMEN.

When Kentucky women go to their polling places to vote for President and for School Board members at the November election, they will find that special ballots have been prepared for them to use in expressing their choice. Attorney General Dawson ruled that women voters would not be required to state their party affiliation, because they are not eligible to hold office except on School Boards. Because women are eligible to vote only for Presidential and School Board candidates, they could not use the general election ballot, and Attorney General Dawson ruled that two special ballots must be available, one containing the names of Presidential candidates and the other the School Board candidates.

EXPLODING TIRE CAUSES MAN TO LOSE TEETH.

When an automobile tire on a machine standing in front of the Alamo Theatre on Main street, blew out Saturday afternoon, William Jacobs, of Owenton, who was standing in front of the theatre, opened his mouth so wide his upper false teeth flew out. As they struck the ground a playful dog seized them and dashed around the corner, with Mr. Jacobs in hot pursuit. He failed to catch the dog, and has offered a reward for the return of the teeth, which he stated were very valuable and a necessity to him.

LOUISVILLE MAN VICTIM OF ASSAULT NEAR PARIS.

J. Lyle Bayless, president of the Bayless Bros. Co., wholesale dealers in chinaware, of Louisville, was the victim of an assault near Paris, Saturday, by two Paris men, in which he sustained three dangerous stab wounds in the back, inflicted by a knife in the hands of Raymond Fryman. Each of the knife wounds were two and a half inches in depth and barely missed entering a vital spot.

Mr. Bayless, his wife, his sister, Mrs. Clay Lyons, of Anchorage, and his aunt, Mrs. William Hemming, of Shelbyville, were touring the Bluegrass region, inspecting stock farms. They were at a point near the Xalapa Stock Farm, on the North Middletown pike, intending to stop there a short time. Raymond Fryman and Charles O. Martin, both of Paris, were in front of them in a taxicab, having been at Xalapa Farm to bring a passenger to Paris. One of the men's hat blew off and Fryman, who was driving, backed the machine to recover the hat. Mr. Bayless, who was following in his machine, was unable to stop in time to avoid a collision. The car driven by Fryman was slightly damaged. Martin and Fryman, it was alleged, alighted from their car and demanded that Bayless pay them for damages sustained by their car. Bayless refused this, and after some words, drove around the Fryman car on his way to Paris. The taxicab soon followed, overtaking the Bayless car at a point near the residence of Walter Kenney, where it swerved in front and came to a stop. An altercation between the men followed, in which Bayless was stabbed three times. During the struggle Mrs. Bayless got out of the car and endeavored to help her husband. She alleged that when she jumped between the men she was roughly pushed aside, and that one of the men threw a rock at her. The timely arrival of a truck from the Xalapa Farm containing a number of Mexicans stopped the affair, the chauffeur acting the role of peacemaker.

The two men were held and the authorities at Paris telephoned the situation. Deputy Sheriff Robert Gilkey and Patrolman Robert Lusk responded, placing Fryman and Martin under arrest. When searched the knife, still covered with blood, was found in Fryman's rear pocket, stuffed underneath some papers. The men were taken to the Paris jail, while Mr. Bayless was brought to the Massie Memorial Hospital, in Paris, where his injuries were given attention.

The women in the party were taken to the residence of Walter Kenney and later came to Paris. Martin and Fryman were released on \$500 bail, the former's father furnishing bail for him, and Fryman's relatives furnishing cash bail for him. They will be given a hearing before Judge George Batterton in the County Court.

Mr. Bayless's brother, Dr. J. Lyle Bayless, and G. H. Lindenberger, both of Louisville, came to Paris, Sunday, and removed the wounded man in an especially fitted up automobile, to his home in Louisville, the ladies of the party accompanying them in the machine which had figured in the affair.

When the warrant was first issued for the arrest of Martin and Fryman the charge read assault and battery. Yesterday the officials learning the serious condition of the wounded man, changed the charge to that of malicious cutting with intent to kill, and warrants were prepared and served on the men by Sheriff W. G. McClintock and Patrolman Lusk. They were taken before County Judge Batterton, who fixed their bond at \$2,000. Martin gave bond with his father, C. N. Martin, as surety, and was released. Fryman later furnished bond, and was released from custody.

J. C. CANTRILL WINS NOMINATION FOR CONGRESS.

Attorney Robt. Lee Murphy's second attempt to annex the seat in Congress held by J. Campbell Cantrill, resulted in a miserable showing. Mr. Cantrill piling up a vote, even in the face of the stay-at-home vote, that made Murphy look like a selling-plater in a field of good horses.

There was very little interest manifested in the race, which was not a race, but a walk-over for Cantrill, only about one-fourth of the nominal vote being polled. In Clintonville precinct only one vote was cast. Paris gave Cantrill 216 and Murphy 4, the balance of the county giving Cantrill 358 and Murphy 4. The total vote of the county was, Cantrill 574, Murphy 8.

The nomination of Congressman Cantrill means that he will oppose the Republican candidate this fall for election as Congressman from this district. The returns Saturday indicate that the regular election in November, Mr. Cantrill will poll the entire strength of the Democratic party in the district, and will be re-elected for another term.

In discussing the vote in the Seventh district, Congressman Cantrill said at his headquarters after he had received the full unofficial returns: "I am very much gratified over the result, considering that I made no active campaign and did not make a speech throughout the entire section. The vote was about one-fourth of the normal Democratic vote of the district and that is a good per cent. of it in view of the circumstances."

The unofficial returns Saturday night from twelve counties composing the Seventh District was as follows:

GOV. COX INAUGURATES DEMOCRATIC CAMPAIGN.

The Democratic Presidential standard, with the League of Nations and progress its peak escutcheons, was marched into the 1920 campaign by Governor James M. Cox, at Dayton, O., Saturday.

A throng of cheering Democrats estimated variously at between 30,000 and 75,000 witnessed Governor Cox's acceptance of party leadership in the Presidential contest, following formal notification by Senator Joseph T. Robinson, of Arkansas, chairman at the San Francisco convention, of its choice.

To the ceremonies at the Montgomery county fair grounds, Governor Cox, with Franklin D. Roosevelt, his running mate, at his side, marched for a mile in the broiling sun at the head of a parade of Democratic delegations reviewed at the grounds. Presence of the nominees in the parade was an eleventh hour thought of the Governor's, who had planned merely to review the Democratic hosts, which came in thousands from Ohio and other States. The parade line alone, sprinkled with two score of bands, was estimated to contain close to 30,000 marchers.

For two hours the Governor, in his address of acceptance, kept the vast throng cheering as he gave with emphasis and clarity his campaign policies. He made the League his paramount declaration, declaring he stood for American and world peace by its adoption, with interpretations preserving its vital plan. He declared the League was a part of the Democratic offering of progress as against Republican reaction. His advocacy of the League drew lengthy demonstration from his audience and statements of approval from party leaders gathered for the Democratic ceremonial.

Two reservations he has suggested to the League covenant were emphasized by the Governor. Regarding the controversy over Article X, he was cheered loudly in comparing it to the Monroe Doctrine, with its peace record. The Democratic legions also shouted approval of declarations for women suffrage, law enforcement — his only inferential reference to prohibition — reduction of taxation and scores of other issues.

The candidate's address closed as evening fell on a day of Democratic jubilation. Rain early in the day, which threatened to mar the event, gave way to bright sunshine by afternoon, with sultry humidity, but shortly before the Governor con-

ORPHAN BRIGADE WILL HOLD REUNION SEPT. 30.

Arrangements for the annual reunion of the Orphan Brigade at Paris, September 30, were made at a meeting of the Executive Committee held in Louisville recently. Committees were appointed as follows: Finance, I. P. Barnard; Music, Maj. John H. Leathers; Transportation, Col. H. L. Stone; Program, Thos. D. Osborne. The latter is secretary of the organization and Gen. Wm. B. Haldeman is president.

The Louisville Trust Company was elected treasurer to succeed Capt. John W. Green, who died some time ago. Only a few hundred of the original 7,000 men composing the Orphan Brigade at the beginning of the Civil War are expected at the reunion.

"North Middletown, Aug. 6.

"Editor BOURBON NEWS:
"I send clipping from the Lexington Herald of the 5th, which contains the following erroneous statement in regard to the coming reunion of the Orphan Brigade.

"Only a few hundred of the original 7,000 men composing the Orphan Brigade at the beginning of the Civil War are expected at the reunion."

"The records, as well as the best informed authorities, does not place the numbers composing the Brigade at over 5,000, and in my judgment, nothing but the remembrance of the splendid avation and unbounded hospitality extended these old heroes twenty-eight years ago will induce and encourage more than fifty of these old, decrepit and time-worn veterans to undertake the trials and risks of the trip to Paris on September 30th.

"Please publish this to correct and allay any misapprehension this article may have produced.

"L. D. YOUNG.

SKELETON AT WHEEL

A dragline dredging out the Miami River in the flooded district near Hamilton, O., the other day brought from the bed of the river an automobile with a skeleton at the wheel.

The machine was evidently of the 1912 model and three tires were fully inflated. The machine was badly rusted.

It is believed the machine and occupant were in the flood of 1912. The car had an Ohio license number, 14,296.

cluded, another light rain poured upon the crowd, causing many to leave and somewhat marring the closing event.
